

WISCONSIN W. C. T. U. CONVENTION

STATE DELEGATES CALLED TO ORDER

Glowing Tribute Paid to
Frances E. Willard by
Mrs. Upham.

ENDORSE CANTEN LAW

Reports of Secretary and Treasurer Show the Society
To Be Growing.

FINE PROGRAM FOR TONIGHT

"Blessed be the W. C. T. U." was the sentiment voiced on many sides today, "if their coming is responsible for this rain." Certainly no other convention of well dressed women would accept such a downpour with such a spirit of happiness and lack of complaint as do the advocates of pure water now assembled in the city. One of the delegates said today that she did not remember ever attending a W. C. T. U. convention when it had not rained.

While the rain was laughingly given as a reason for welcoming the Wisconsin W. C. T. U. convention which opened a three days' session at the Congregational church today, the hearts of the people of Janesville beat warm with a deeper, more significant welcome for the loyal women who are devoted to the extermination of intemperance and the kindred evils which over run the land.

Opening of the Convention

The convention opened most auspiciously, a large majority of the

MRS. I. W. BLACK.
Racine. Sec'y State L. T. L.

delegates being present for the opening session. Among the visitors are many women who stand high in social circles and who are prominent in the intellectual life of the state, women whom it is an honor to any city to entertain. Among the number are noted speakers, to listen to whose inspired thoughts is a privilege which the people of Janesville would do well to appreciate.

In honor of this convention of worthy women the Congregational church auditorium, where all the sessions are held, has been daintily and beautifully decorated with white, the color symbolical of the Woman's Christian Temperance Union. In effective combination has been used the yellow of the suffrage department of the W. C. T. U. work.

The gallery railing, has been draped with bunting in the two colors. Above the organ is a portrait of Frances Willard, the never dying leader of the W. C. T. U. cause. It is draped with white ribbons and beneath it a broad ribbon bears Miss Willard's last words, "How beautiful it is to be with God." Above the portrait are the words, "We come" and the motto of the organization, "For God and Home and Every Land."

Church Decorations

On each side of the platform is a large banner on a standard and small hand painted bannerettes, bearing inscriptions, are used effectively in the decorations. One large streamer bears the words, "Throw the Light up higher, higher." Palms and potted plants grace the speaker's platform.

This convention of women who wear on their dresses a tiny bow of white ribbon to symbolize the pure life for which the organization stands, began with a wave of enthusiastic earnestness, of consecrated devotion that is an eloquent promise of the great work that is to be done by the quiet influence of this gathering of uplifting forces from the state and from the nation.

MRS. LILLIAN N. M. STEVENS.
Miss Willard's Successor as President of National W. C. T. U.

Everywhere there was manifest a depth of purpose and a profound belief in the sacred mission to which the organization feels called. Underneath the work of the convention there is a strong undercurrent of consecrated purpose that dominates all the reports and addresses and convinces the spectator that the W. C. T. U. is an ever increasing power not to be underestimated.

Executive Board Meets

This morning at nine o'clock a meeting of the executive board was held in the church parlors for the purpose of considering matters which will be brought before the convention for action. Mrs. Mary C. Upham, state president of the W. C. T. U., called the meeting to order and twenty-three members of the executive board were present. There are about fifty members of the board. The executive board meeting was a private session.

Sang Crusade Hymn

The church auditorium was about half filled when promptly at two o'clock this afternoon, Mrs. Upham called the first general session of the Twenty-eight annual state convention to order and asked the audience to stand and join in the responsive reading of the Crusade psalm. After the reading the audience sang the Crusade hymn and then Mrs. R. C. Denison of this city, led the convention in a fervent consecration prayer.

After the singing of "How Firm a Foundation" by the audience, Mrs. Augusta E. C. Strong of Baraboo, recording secretary, called the roll of officers, superintendents of departments and county presidents. The responses showed all the state officers present; also sixteen county presidents and nine superintendents.

Committees Appointed

The convention organized with the appointment of the following committees by the president:

Committee on Courtesy—Mrs. H. S. Hastings, Green Bay; Mrs. K. V. Stevens, Janesville.

Credentials—Mrs. W. A. Lawson, Baraboo; Mrs. Angus Kennedy, Rib Lake; Mrs. M. A. Wilson, Sparta.

Press—Mrs. V. H. Campbell, Evansville.

Telegrams—Mrs. L. M. Hodge, Waunakee; Mrs. M. J. Elvis, Marshfield.

Sergeant-at-Arms—Miss Lois Russell, Eau Claire.

Appropriations—Miss Ida Warner, Sparta, Wis.; Kate Taylor, Brodhead; Mrs. R. A. Odell, Whitehall; Mrs. Angus Kennedy, Rib Lake; Mrs. M. A. B. Smith, Madison; Mrs. Hattie E. West, Lake Mills; Mrs. Maude Sanders, Milwaukee. Advisory member, Mrs. Ida M. Cooke, Green Bay, state treasurer.

Report of State Treasurer

The report of the state treasurer, Mrs. Ida M. Cooke of Green Bay, showed a total expenditure of \$3,270.53 during the year ending with May 1, 1901, with a balance of \$262.03 in the treasury. The report was very complete and exhaustive, including not only the receipts and expenditures for the state but a tabulated statement for each district. It also contained the following statements of interest concerning the growth of the State Union during the past year.

Total number of unions, 182, a net gain of nine.

Total paid membership, 3,736, a gain of 348.

Thirty-eight of the 53 counties having unions show gains, ten show loss and five show the same membership.

Thirty-four unions have been organized or re-organized during the year.

Seated by Counties

The motion was made and carried that the delegations be seated by

counties and it was carried into effect at once.

Mrs. Strong, recording secretary, read the minutes of the mid-winter meeting of the board of directors and also the minutes of the executive board meeting this morning.

A Splendid Year

Mrs. W. A. Lawson of Baraboo, state corresponding secretary, gave a report of the work throughout the state during the year which was greeted with applause. Mrs. Lawson reported a year of unprecedented effort the great results of which cannot be estimated by tabulated facts and figures. Thirty-six new unions have been organized during the past year and of that number only two have failed to send reports. Fifty-nine unions in the state have failed to make annual reports, 160 red letter days have been observed throughout the state and 500 total abstinence pledges have been signed; thirty-nine unions report existence in towns or cities having no license.

Stoughton has the banner union of the state having a membership of 100 women. River Falls union is distinctive for having observed twelve red letter days, the largest observed by any union in the state.

The Plattville union has permanent quarters on the Plattville camp meeting grounds. Other special work done by local unions was commended and in closing Mrs. Lawson urged the great importance of the unions in giving prompt attention to the reports.

The President's Address

The most delightful feature of the afternoon program was the president's address given by Mrs. Mary C. Upham of Marshfield, Wis., wife of ex-Governor Upham. Mrs. Upham is a woman of rare and magnetic personal charm, her kindly face being a true index of the lovable, generous soul which makes those who work under her leadership so devoted to her. Her genial gracious manner added much to the worth of her address which was strong and beautiful in its thought and charmingly expressed. In beginning Mrs. Upham said, in referring to the holding of the yearly "Mecca" at Janesville.

Tribute to Miss Willard.

"How sacred this place, so full of precious memories to every white ribbon, her childhood's happy home. We can almost hear the echoes of her merry laughter that rang through these old forest trees, not so very long ago, where the child of rare promise was being made ready for her wonderful life work—one who stands peerless alone among those whom America will ever delight to honor and in the influence of whose life the whole world has been blessed."

Continuing she paid an exquisite tribute to the late Frances E. Willard, the great leader who has gone above but whose work still inspires the W. C. T. U.

Strong Arm of the Church.

Proceeding to her address Mrs. Upham stated that the Woman's Christian Temperance Union is one of the strong arms of the Christian church today and wherever churches exist without one they are shorn of half their strength. The time is coming when the organization will disband but not until the principles it espouses have become incorporated in the foundation of every church.

Every age has its besetting sin. History's pages are black with ruined nations, lost under the weight of idolatry, licentiousness, slavery, or some sin peculiar to that one age and time, first in the individuals then sapping the vitality of the whole people until they brought a nation's death. Righteousness alone can exalt and perpetuate a nation. No

(Continued on Page 4.)

LITTLE TOTS BOW TO THE PRESIDENT

McKinley Gives a Reception to the School Children.

STARTS EAST MONDAY

Mrs. McKinley Continues to Improve, and It May Be Safe to Move Her Then.

SHORT STOPS WILL BE MADE

San Francisco, May 21.—President McKinley held a reception for school children this morning. He smiled and bowed while thousands of little tots passed by smiling and bowing at him.

During the remainder of his stay here the president will spend his time quietly at the Scott home.

Mrs. McKinley continues improving and now next Monday is set as the day for departure for the East. It is quite probable that several pauses will be made on the way to allow Mrs. McKinley a little rest from the strain of travel.

BEGIN MORE RAIDS INTO THE COLONY

Boers 5,000 Strong Concentrating at Vruburg—The Force Growing Daily.

Middleburg, Cape Colony, May 21.—The Boers have begun another raid into Cape Colony. It is believed that Dewet is in command. The Boers are concentrating at Vruburg. Scouts report a force numbering about five thousand and growing daily.

Pretoria, May 21.—An army officer claims that Dewet is not in Cape Colony but is in the country near the Bothas Pass with four thousand men. In this country the Boers have scored their greatest successes.

BISHOPS FOR THE CHURCH IN AMERICA

New York, May 21.—A statement is made here today that there is a definite movement on foot in the Protestant Episcopal church to divide the United States in to provinces and establish over each province an archbishop as head of the church in that section. From the archbishops it is planned to elect a metropolitan who shall be the constitutional leader of the church in America.

FITZ JOHN PORTER AGED EIGHTY, DEAD

Celebrated War Hero Was Dismissed from the Army for Cowardice, But Was Reinstated.

New York, May 21.—General Fitz John Porter died this morning at Morristown, N. J., of chronic diabetes, aged eighty. During the civil war Porter was dismissed from the army on the charge of cowardice. The case was a celebrated one and attracted great attention. Friends succeeded in securing a rehearing and Porter was exonerated.

MAY ARBITRATE MACHINISTS' STRIKE

Washington, May 21.—President O'Connell said this morning that everything looked to an early arbitration of the machinists' strike. He has reports from many places showing the the firms have conceded the nine hour demand.

SERBIA ON VERGE OF A REVOLUTION

The Scandal Regarding the Accouchment of the Queen May Prove Very Serious.

Vienna, May 21.—The Deceit of the Queen Draga of Serbia regarding her accouchment is proving far reaching in effect. A Belgrade dispatch says today that Serbia is on the verge of a revolution and a manifesto has been issued by the republican leader urging the people to drive the royal swindlers from the throne. Twenty meetings were held in various provinces of the kingdom passed a resolution demanding Alexander's abdication. It is predicted the queen will fall, dragging the king with her.

SEND FLOWERS TO WOMAN. Ohio Townsmen Express Sympathy for a Pretty Prisoner.

Mansfield, O., May 21.—Mrs. Mae S. Fleming, a beautiful young woman, formerly bookkeeper for the Sanitary Board of this city, was arrested, charged with forgery of a \$150 order on the board. She came from New York in December, and was refused and accomplished. A mystery enveloped her past. She was indicted by a special grand jury for forgery. While in the county jail she has been deluged with flowers and attention. A young attorney by the name of Ezra Cornell Blair, grandson of the founder of Cornell College, came from New York to defend her. George Titus, captain of the New York Police Department, has investigated Mrs. Fleming's past and finds that she was employed as bookkeeper in the Melrose studio, 142 West Twenty-third street, in New York, and left that employment in November, 1900, after the appearance of a \$300 forged check.

Boers Wreck Armored Train. London, May 21.—Lord Kitchener reports to the war office under date of Pretoria, May 18, as follows: "An armored train has been dynamited south of American Sliding. Major Heath of the South Lancashires was killed."

CUBANS ARE IN A VERY UGLY TEMPER

Senor Cisneros Openly Denounces the Report of the Commissioners to the United States.

Havana, May 21.—There was much friction at a secret session of the Cuban constitutional convention today and the conservatives found the strength of the opposition such as to make it uncertain the acceptance of the Platt amendment.

In the course of a heated debate Senator Cisneros declared that the commissioners who went to Washington did not investigate public feeling in the United States regarding the Platt amendment as they should have done, but that they allowed themselves to be steered by administration sympathizers and took no opportunity to hear anything contrary to the amendment.

He asserted that he was in receipt of letters from New York advising the convention not to accept the amendment and assuring him that public opinion in the United States would support the convention in rejecting it.

After the minority and majority reports had been read the conservatives made a canvass of the house and, finding their majority doubtful, asked the privilege of tabling both reports for twenty-four hours.

LIBERTY FOR 1,000; RELEASE FILIPINOS

Manila, May 21.—General MacArthur celebrates the surrenders of the insurgent generals, Mascardo and Lacuna, by releasing 1,000 Filipino prisoners.

General Moxicana, the insurgent chief on the island of Leyte has surrendered with twenty men, the remnant of his command.

The president of the island of Lubang, which lies northwest of the island of Mindoro has been arrested and brought to Cavite, charged with being an accomplice of the insurgents.

MRS. BONINE SAYS SHE KILLED AYRES

She Was Lured to His Room by a Ruse, She Claims.

PLEADS SELF-DEFENSE

He Was Killed in the Struggle for the Possession of a Revolver.

STRANGE MURDER CLEARED UP

Washington, May 21.—Mrs. Lola Bonine, the confessed slayer of Jas. Ayers, was held to the grand jury today by the coroner's jury.

Washington, D. C., May 21.—Washington's murder mystery is solved. Mrs. L. I. Bonine, a young married woman, 33 years of age, whose room was on the same floor with that of the murdered youth, Ayres, has confessed to the police that she alone could account for the tragedy. It is not true that Mrs. Bonine confessed to the murder of Ayres, for that is exactly what she avoided doing. She said she was in his room, and that in a scuffle between her and him a revolver held by young Ayres was discharged several times and that he fell to the floor. She claims that she held the revolver away from herself and showed Chief Sylvester two identifications on one hand to prove that there had been a great struggle on her part to prevent his bullets' piercing her body. Mrs. Bonine claims she was defending her honor against Ayres when the shooting took place. She said that after the shooting she went down the fire escape and into the parlor on the second floor, and from there back up to her own room in the annex of the hotel. She says Ayres drew a revolver on her and in their struggle the revolver was discharged. She did not know how many times. He fell down and on top of her, the blood spurting up and over her and down her back. She got up and crawled out the window and went down the fire escape.

Mrs. Bonine says on reaching her room she washed her wrapper and dried out the blood stains so that they were not noticeable. She also washed her hands thoroughly and then went to bed. In the next room were her two children, young boys, asleep. She said she kept quiet about the matter because she wanted to protect them and not get her name connected with the crime.

Mrs. Bonine is apparently about 33 years old, and says she was born in Macon, Mo. She removed to Hamilton, in the same state, and afterward to Richmond, Kan., where her husband was engaged in the drug business. Subsequently she went to Brunswick, Ga., and then to Florida, where Mr. Bonine was engaged in orange growing. She says it was at her husband's solicitation that she learned to practice with a revolver, and that he had made the suggestion that she should acquire this art for self-defense.

F. S. Warren of Chicago, who was called here to attend the funeral of the late James O. Bacon, returned home this morning.

AUCTION MARKET FOR TOBACCO; TO HELP SALES OF THE LEAF

Industry in Wisconsin Has Grown to Such an Extent That Warehouse System is Proposed to Grade the Weed Before It is Sold.

Madison, Wis., May 21.—The tobacco business of Dane county and of Madison, as the principal shipping point of the Wisconsin belt, has grown to such an extent that a market for that product where the buying and selling of the weed can be conducted on the public auction plan, as in the southern states, is considered advisable.

Several of the larger local dealers have, after giving the matter considerable thought, decided to agitate the subject and see if such a market cannot be provided by the time the next crop is harvested. It would be the first of the kind in the North.

The market composed is to consist of a large warehouse where the farmers may bring their tobacco, after the crop has been harvested and by paying a slight margin have their product sold at public auction.

Graded by Experts.

This of course would necessitate the grading of the weed before it is offered upon the market, but would also tend greatly to increase the confidence greatly between the growers and the dealers, which is not overly strong in this state at present owing

to the system of buying and selling standing and growing crops.

The country is flooded with tobacco men who have instructions to buy all of the weed possible, and who rather than run the risk of being beaten by their competitors buy up the crop before it is cut. This usually or frequently ends unsatisfactorily to all parties concerned.

Avoided by an Auction.

Farmers sometimes harvest the weed before it is ripe and occasionally fail to get it cut on the day it should be, thus allowing the leaf to become sunburned. When the crop is delivered to the dealer it is in these cases below grade, and is a losing proposition to the buyer, who not infrequently refuses to pay the contract price. And though a compromise is usually effected, a little bitterness and lack of confidence result.

This condition is not peculiar to Dane county and Madison, but exists in every community where tobacco is grown. It is believed by many of the dealers throughout Wisconsin that an auction market is the only means of correcting this vexing situation.

STYLES FOR GRADUATING DRESSES; SHEER WHITE LAWN A FAVORITE

For graduating dresses sheer white lawn is a favorite material. Muslin, dotted swiss, organdie, white batiste, white linen, brilliantine and a dozen other fairy-like white fabrics are being studied more eagerly than books by thousands of young girls.

One day this week the principal of a New York high school begged his graduating class not to have their commencement dresses cut decolette. The surprising thing was that he felt the admonition necessary. Low cut graduating dresses are as unfashionable as they are unsuitable.

The charm of the commencement toilet is its fresh and young simplicity. The girl who doesn't believe this will some day know it. To over adorn the youth is to gild the lily and make it tawdry.

One That Finds Favor.

The dress that has been adopted in its essential features, by vote of the graduating class of one of the fashionable private schools of Chicago is made of fine white lawn. In details the individual costumes vary but the idea of each comprises a skirt whose seams are marked by narrow insertions of white lace. At the bottom of the skirt are set two flounces edged with lace and headed with lace insertion. The waist is a blouse made with groups of tucks alternating with bands of insertion. The sleeves are tucked and lace trimmed. Cascades of lace fall from the lace collar. Neck ribbons and sashes are of pink ribbon.

Pure white batiste is the material of the graduating dress of a proud valedictorian. She is having it made with flounces of quaint open-work embroidery, resembling old-fashioned cut-work. Its chief ornament will be a sash of white liberty gauze.

Pretty gowns of white point d'esprit have been decided upon by the pupils of a well-known finishing school. Stitched bands of white silk are used for trimming, a combination as unusual as it is effective. Of course these bands are differently based on different frocks, one dainty skirt being tucked vertically as far as the knees, and having the bands carried around the lower part at rather wide intervals, giving a flounced effect. The waist is made with a liberty gauze sash and fichu.

White Muslin is Liked.

I have seen a number of charming dresses of white muslin, puffed, tucked and shirred without limit. One that has been arranged for a fair class day historian has three six-inch ruffles around the skirt, with three fine tucks in each flounce, groups of five scalloped ruffles being placed

between the ruffles—a very marvel of stitchery. The puffed waist has a lace yoke, and around the shoulders is drawn a scarf of chiffon.

Simple evening dress for the school dances that mark the end of May are being made in great numbers. Some of the most graceful are carried out in the dotted swiss muslin, which has leaped again into sudden favor, along with white point d'esprit.

Tucked flounces are shown on some of these white Swiss dresses, with edgings of very tiny empire roses.

The princess skirt is very pretty for this kind of dress, the skirt being finely tucked in vertical lines from the bust down over the hips. The neck is finished with tulle and rosebuds.

A very simple dress made for a school girl is of pale blue crepe de chine, tucked around the skirt in four groups of seven tucks, each tucked edge with a silver cord. The waistband elbow sleeves are tucked vertically and finished at the neck with lace fastening at one side with a rosette bow of blue velvet.

Dress for Brides in June.

There is only one person more important than the graduate—she is the bride. For the month of June when wedding bells are always ringing, wedding finery is always being prepared. A number of beautiful dresses now in the workshop of one of the best known Fifth avenue houses are said to be a part of the trousseau of Miss Mary Daly daughter of the late Marcus Daly, the copper king. Miss Daly is to be married on June 4 to James W. Gerard.

One of the loveliest of these dresses is of gathered white silk muslin, the size of the puffs and the number of gatherings increasing from the top to the bottom. The skirt is finished with a deep flounce into which is set an insertion of yellow Bruges lace. The waist has a deep shoulder collar of Bruges lace, finished in front by means of cravat endings which slip through handsome paste slides. The collar opens upon a vest of shirred white muslin ornamented with strappings of white velvet ribbon; these are fastened with minute gold buttons.

The sleeves are especially pretty. They are formed of a series of puffs which as far as the elbows are of uniform size. Below the elbow comes one somewhat larger puff, and then a flounce of lace, which does not reach the hand. The hat which accompanies this toilet is a yellowish straw Gainsborough trimmed with white ostrich feathers.—Chicago Post.

NORTHWESTERN SPAN OVER SOUTHEASTERN

A large force of men were engaged yesterday in putting in a steel span over the Janesville & Southeastern tracks at the end of the Northwestern railroad bridge at Monterey. The work began yesterday morning and was finished last evening. During the day all trains on the Northwestern were sent around by the way of Afton.

The new span will leave a space between the Janesville & Southeastern and the Northwestern about twenty feet high. This will clear the largest freight car safely, but the brakemen will have to look out

when going through the opening that they are not knocked off the train.

Big Minstrel Festival.

The famous punsters and laugh generators that have been collected from the higher ranks of minstrelsy under the banner of Rusco & Holland's big minstrel festival and been seen at the Myers Grand, Friday, May 25.

No more welcome announcement than this could be made to the fun-loving portion of the public. The management of this mammoth array of Senegambian talent have this season outdone all their previous efforts and have secured nearly all the well-known favorites for their production. Novel and elaborate stage settings and costumes, which have taxed the scenic artists, and costumers' skill and ingenuity, have been prepared to delight the eye and the world of music has been probed to its innermost depths for the effects to charm the ear. With Billy Kersands and Henry Robinson, Jones, John Rucker and a score of assistant comedians, the fun department is filled to overflowing. The biggest street parade ever attempted by a like organization is one of the features.

Board of Education

The regular monthly meeting of the board of education was held last evening at the high school building. President Jeffris presided and all the members were present. President Jeffris announced the standing committees for the ensuing year to be as follows:

Finance—Milgmore, Rudolph, Burnham.

Text Books—Shearer, MacLean, Cunningham.

Buildings—Rudolph, Shearer, MacLean.

Teachers—Mac Lean, Burnham, Cunningham.

Visitation—Cunningham, Milgmore, Shearer.

Heating and Ventilation—Burnham, Rudolph, Milgmore.

The use of the high school building was extended to the teachers' convention which is to be held in this city during the summer.

George Gilligan Takes a Part.

At the Davidson Theater, Milwaukee, on Friday evening next, Pieter's "Sweet Lavender" will be given by the members of the Wisconsin Conservatory of Music for the benefit of the Newsboys' Club. The cast of characters is headed by

George Gilligan, in the role of "Jeffery Wenderburn." Mr. Gilligan is well known in Janesville, having attended the Valentine School of Telegraphy and took part in several local entertainments, including the Golf club's lady minstrels. A splendid cut of Mr. Gilligan appeared in the Milwaukee Sentinel of Sunday.

TRAVELING MEN TO PLAY BASE BALL

Madison Council U. C. T. Challenges the Janesville Council for a Fight to the Finish.

Janesville council of the United Commercial Travelers has been challenged to send nine trusty knights to meet a like number of representatives of the Madison Council, U. C. T., in a fight to the finish. The implements of warfare are to be balls and bats and padded gloves, only one knight on each side being permitted to wear armor, which is restricted to a breastplate and helmet. Spiked shoes may be worn but must not be used to disable an opponent. The field of battle is to be a plot of ground commonly known as a diamond and countless scores of spectators will witness the tournament of strength and skill and cheer the victors.

In the language of the twentieth century, the Madison council of knights of the grip has organized a base ball team and being invincible in its own conceit is anxious to wipe up the earth with their brothers of the Janesville council. The Janesville council is not manufactured out of the material that lies quietly down and lets itself be trampled on without a protest or allows challenges made in a spirit of boastful superiority to go unanswered.

And so defiance has been flung back in the teeth of the Madison council, notwithstanding the fact that the Janesville boys have good reason to believe that the boastful enemy from the Capitol City has been practicing ever since the snows of winter melted away and undaunted with the knowledge that the Madison council has in its membership a number of men who have won honors in the national game. J. B. Veitch, of Madison, at one time catcher for the famous Pickets of Chicago, is one of the moving spirits in the organization of the Madison team and Will Elliott, another expert, is his right hand man.

But it takes considerable to scare out a traveling man, so tradition says, and even though the time for practice is short, the Janesville council has organized a nine. John F. Sweeney has been chosen to captain the team, possibly because his line of business has made him proficient in getting the best of traveling men. If the visitors can only be inveigled into stopping with John while in the city, he ought to be able to make it dead easy for his team to win without an effort. Of course no insinuation is intended beyond the fact that one of the Grand's best dinners could be depended on to make the visitors forget all the rules of the training table and a gorged stomach is scarcely conducive to swift running of bases.

If Capt. Sweeney should not be able to defeat the Madisonians at the dinner table he will be assisted in putting them to rout by Kirk White who will do his best to put them to sleep. Others who will take a hand in the fun are James Waddle, Archie Crawford and J. D. Crawford of this city; D. W. Whitford and H. O. Crumb of Milton and Will L. Beach and Will J. Kyle of Fort Atkinson, all of whom are members of the Janesville council.

The first game will be played at Athletic park Saturday afternoon, June 1, and a return game will be played at Madison on the following Saturday. It is said that no matter what the result of the games may be all bitter feeling will end with the decision of the umpire and that the two councils will be so thoroughly at peace that they will travel together in a special car to the convention of the Grand Council at Green Bay June 14 and 15. It may be barely possible that a small portion of the gate receipts at the two games will be devoted to chartering the car and defraying the expenses of the party while at Green Bay.

One On the Sentinel.

The West Division High School commencement exercises will be without any show or display. The members of the graduating class will be arranged all alike, the girls donning a simple gown that has been prescribed, consisting of a white shirt waist and dark skirt. This is the first move in Milwaukee to do away with the giving of flowers and other things at the public exercises in high schools at commencement.—Milwaukee Sentinel.

Elks' Convention.

The convention of the B. P. O. E., to be held in Milwaukee July 23-25 will be of interest to the local fraternity, many of whom expect to attend. Before going call at The Gazette job room and leave an order for some of the very tasty cards we are getting out for this occasion.

Try the new remedy for constiveness, Chamberlain's Stomach and Liver Tablets. Every box guaranteed. Price 25 cents. For sale by People's Drug Store and King's Pharmacy.

JANITOR NELSON WEARS A SMILE

County Board's Appreciation of His Long and Faithful Services, Makes Him Feel Good.

L. M. Nelson has a smile on his face these days on account of the purse of \$60 given him at the recent session of the county board, to help him enjoy his vacation. Mr. Nelson has been in charge of the court house for the past nineteen years and during that time has been away from work but a few days. He was voted a vacation of thirty days during the coming summer and will spend part of the time at the Pan-American Exposition at Buffalo. He has a sister living near Buffalo whom he has not seen for nineteen years and he will spend some time visiting her.

The resolution offered at the meeting of the board was as follows:

"In recognition of the faithful, efficient and continuous service by L. M. Nelson as janitor at the court house for the past nineteen years, we the undersigned hereby give the sum set opposite our names, to enable him more fully to enjoy the vacation this day allowed him by the action of the county board."

The resolution was signed by all the county officers and the entire county board. It was a very flattering testimonial of the feeling of the officers and board for him.

For a stiff neck there is nothing better than a free application of Chamberlain's Pain Balm. It quickly relieves the stiffness and soreness, effecting a complete cure. For sale by People's Drug store and King's Pharmacy.

Patrick McCaffrey.

Patrick McCaffrey for many years a resident of this city passed away last evening at his home on Pleasant street after a protracted illness.

The deceased was about seventy-two years of age and had resided in this city for the last forty years. For twenty-five years he was one of the faithful employees of the Chicago & Northwestern railroad and had a host of friends who will be pained to learn of his death.

He leaves to mourn his taking away a wife and six children. Four sons, J. F., A. B., C. T., and J. J. McCaffrey, all employees of the road, and two daughters, Miss Mary McCaffrey and Mrs. Katherine Holleran.

John Slightam and family are the guests of Madison relatives.

Spring

Is gladly welcomed for the vitality, freshness and purity it gives everything in nature; its cleansing showers and sunshine remove, dissolve and disinfect unhealthy accumulations. It

Is the Time

When our physical systems need to be cleansed and invigorated with Hood's Sarsaparilla. This good medicine expels all the badness that has gathered in the blood and enriches and vitalizes the life current. If you take Hood's

To Purify Your Blood

Now, you lay the foundation for good health in the months that are to come. Hood's Sarsaparilla tones the stomach, creates an appetite, builds up and fortifies the whole system by giving vitality and strength to every tissue, organ, nerve and muscle.

Take the Best Spring Medicine

"I can highly recommend Hood's Sarsaparilla as a spring medicine. There is a necessity for taking such a medicine, and I find none better than Hood's. I would never accept any other in its place." C. LAIB, 1231 N. 29th St., Philadelphia, Pa.

Perfumes

We have lately added to our already large stock, several new odors, which we think are ahead of anything in fragrance, lasting qualities, etc. We carry the largest line of perfumes in the city and can always supply fresh goods. Call and get a sample on your handkerchief.

Prices, 25c to \$1.00 Per Ounce.

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy.

A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lambert, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

Get Mother's Friend at the drug store, \$1.00 per bottle.

STRIKERS ARE GREAT HOST

Total Number Who Quit Work
Estimated at 50,000.

EAST AND WEST INVOLVED.

Men Ask Shorter Hours—President Com-
peters Directs the Fight at Cincinnati—
Reports from Various Cities Indicate
That the Strike Is Widespread.

Washington, May 21.—Reports received at headquarters of the National Association of Machinists indicate that about 50,000 men are out. The strike thus far has not extended to the allied trades, save in one or two instances, as at Scranton, Pa., where men in a part of the allied trades are out. No machinists engaged in government work are affected. This is due to the fact that on such work an eight-hour day scale already prevails. Railroad machinists as a rule are not involved in the strike, though the men on several roads are out. The Central Vermont shop machinists at St. Albans, numbering probably 200, have struck. The Lehigh Valley's railroad machinists at Buffalo, Sayre, Wilkes-barre and Elmira are out, aggregating about 500 all told. The Delaware, Lackawanna and Western men at Buffalo, Scranton, Wilkesbarre and intermediate points are out. The Gulf, Colorado and Santa Fe men also are out. The strike order, however, does not apply to the railroads generally.

Involves Both East and West.
Reports from the larger cities affected by the strike indicate the following number of machinists out in each: San Francisco, Cal., 6,500; Scranton, Pa., 3,000; Cincinnati, O., 3,000; Norfolk, Va., 500; Hartford, Conn., 2,500; Buffalo, N. Y., 1,200; Providence, R. I., 500; Springfield, Mass., 550; Bridgeport, Conn., 800; New York, 3,000; Milwaukee, Wis., 1,600; Baltimore, Md., 800; Bay City, Mich., 600; Philadelphia, 1,000; Plainfield, N. J., 1,000; Cleveland, O., 1,000.

Scattering reports from scores of smaller places easily bring the total of men directly involved in the strike to 50,000 or more. It is explained at headquarters that there is no competition between the railroads and private work and that work among the private establishments is to be adjusted first.

SMALL TOWNS TIED UP.

Order to Machinists to Strike Obeyed in Scores of Places.

Washington, May 21.—Reports telegraphed to machinists' headquarters from all parts of the country show that there are strikes in many of the smaller towns as well as in the big cities. Among the places affected, with the number of men on strike, are: Cleveland, O.—500; firms settle with 150 more. Hartford, Conn.—1,350 on strike, 400 locked out, 1,450 working. Scranton, Pa.—3,000 out, 1,500 more expected to strike. Pittsburg, Pa.—200 on strike; firms settle with 4,500. Wilkesbarre, Pa.—1,500 men quit. Sharon, Pa.—Practically all out. Bay City, Mich.—600 on strike. Toledo, O.—600 out. Dayton, O.—All who had not been locked out quit. Kansas City, Mo.—400 on strike. Urbana, Ill.—Big Four system granted the demands of the machinists. Mattoon, Ill.—100 quit work. Indianapolis, Ind.—300 men out; railway machinists are working. Minneapolis, Minn.—250 men out; six small shops signed the scale. Grand Rapids, Mich.—300 out; two shops signed the scale. Bridgeport, Conn.—800 out, but all factories are running. Springfield, Mass.—500 on strike; nine shops tied up. Ansonia, Conn.—500 quit. Waterbury, Conn.—550 out of 1,000 on strike. Derby, Conn.—450 on strike; largest concerns order a lockout. Providence, R. I.—550 men out. Buffalo, N. Y.—Machinists in Lehigh Valley shops strike. Wilmington, Del.—330 out of 700 quit. Hamilton, O.—300 out of 1,500 on strike. Peoria, Ill.—200 out; three firms sign the scale.

St. Joseph Linemen on Strike.
St. Joseph, Mo., May 21.—Every lineman in St. Joseph who is a member of the International Brotherhood of Electrical Workers is on strike. An increase in pay from \$2.25 to \$2.50 per day is demanded and a reduction of hours from ten to nine. The schedule was presented to the street railway, electric light, telegraph and telephone companies last week and rejected.

No effort has yet been made to fill the places of the strikers.

Many Idle in Scranton.
Scranton, Pa., May 21.—Every machine shop in Scranton is idle today in consequence of the strike for a day of nine hours and an increase of 11 per cent in wages. Altogether 3,000 men quit work, and these, with the Lackawanna railroad machinists and carshop men, out for a week past, make nearly 5,000 on strike in Scranton.

Situation in San Francisco.
San Francisco, May 21.—The local branch of the International Association of Machinists has instructed its members to report for work at the foundries and machine shops in which they are employed this morning as usual, but they go to work only in case all the terms asked by the union were granted.

Idle Men at Cincinnati.
Cincinnati, O., May 21.—The machinists' headquarters have reports that three firms have today met the demands of the men, making fourteen firms where there is no strike.

Five Hundred Strike at Detroit.
Detroit, Mich., May 21.—Up to 10 o'clock seventeen local machine shops,

MILTON.

THE GAZETTE AGENCY,
W. W. CLARK, Manager.
Milton, Wis., May 21, 1901.

The college team met the All Americans of Milton Junction on Friday afternoon and were walloped to the tune of 13 to 8, despite the fact that Cole, the star pitcher of the visitors got spiked early in the game and was forced to retire. The college team put in two double plays during the game and that's about all they did do, their errors being well distributed throughout the nine. The Junction team did good batting but their fielding was ragged. Batteries college, Bliss and Burdick. Junction, Cole-Gates and Robinson. Umpire, Whitford.

The cantata "Don Munio" drew large and delighted audiences Thursday and Saturday evenings at the College chapel. The costumes and stage effects were a surprise to the audiences as no one had expected such a display of beauty and taste from the limited resources at hand, and all who took part acted in the true dramatic spirit. The cast included: Don Munio de Hinoosa, Bass, J. M. Stillman; Donna Maria, his wife, soprano, Clara E. Clement; Escobedo—chaplain to Don Munio—baritone, Lewis A. Platts, Jr.; Abidal—a Moorish prince—tenor, Gustav A. Seeger; Constanza—his betrothed—mezzo soprano; Honor L. Davis; Rodrigo—a messenger—tenor, Edgar D. Van Horn as principals, and a chorus of retainers, huntsmen and female dependants. The solos, duets and quartet were charmingly rendered and the choruses were not only prominent but sung in a manner that added very much to the pleasure of the hearers while all who took part acquitted themselves so creditably it would be out of place to mention any in a special manner, but certainly Dr. Stillman is entitled to great praise for the very successful manner in which the cantata was staged rehearsed and sung. The receipts were \$145 and a very large portion of the amount will be applied towards the payment of the college debt.

We have it on good authority that when the new time table on the Janesville and Southeastern railroad goes into effect train No. 5, now arriving here at 1:35 p. m. and No. 8 at 11:03 a. m., will run via Janesville instead of this place and that a train from Janesville leaving here at 11:03 a. m. will run through to Milwaukee. These are passenger trains.

Rev. Dr. Platts went to Coloma on Friday and preached there Saturday. It is rumored that Rev. O. U. Whitford of Westerville, R. I., well known here has been called to the chair of theology in Alfred University.

George Davy has been promoted to the position of day operator at Milton Junction and a man from Waukesha by the name of Lockney takes the night office here.

Mrs. M. G. Townsend officiated at the Seventh Day Baptist church on Saturday morning.

Frank B. Clark of St. Paul was in attendance at the funeral of his brother.

It is to be regretted that people who pay to bear entertainments should have their pleasure marred by the noise of a cullid. The enjoyment of a hundred should be considered rather than the pleasure of a single individual.

PAN AMERICAN EXPOSITION

FRANK J. BAILEY,

General Mgr.

OFFICES: D. S. MORGAN BUILDING.

H. W. M.

C. D. Gregg Tea & Coffee Co.,

St. Louis, Mo.

Gentlemen:

I enclose you contract for the supply of coffee for the Bailey Catering Company, at the Pan-American Exposition, to be held in Buffalo during the coming summer. In the selection of your coffee, in competition with samples submitted by a number of the largest Importers and Roasters in the country, I have been governed entirely by the quality of the same. My experience with the coffee supplied to me during the past year or so by your house has been so uniformly satisfactory that I feel that I could do no better than to complete this arrangement with you. The amount of coffee, which this involves will probably amount to as much or more than has ever been supplied to one consumer in the same length of time, and I congratulate you upon your enterprise in having secured this contract.

Very truly,
BAILEY CATERING CO.

TAILORS AND FURNISHERS. OPPOSITE POSTOFFICE.

Women Dread

The disfigurement caused by skin disease, even more than the tormenting irritation which is so commonly associated with it. The use of Dr. Pierce's Golden Medical Discovery

generally results in a complete cure of eczema, pimples, eruptions and other forms of disease which have their cause in an impure condition of the blood. "Golden Medical Discovery" absolutely purges the blood of humors and poisons, and so cures the cutaneous diseases which had blood breeds and feeds.

There is no alcohol in the "Golden Medical Discovery" and it is entirely free from opium, cocaine, and all other narcotics.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick, of Cass City, Tuscumbia, Mich. "Could not walk at times, nor wear my shoes. Thought there was no help for me—until the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friends sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used the 'All Healing Salve,' which made a complete cure. It was slow, but sure. I was taking the medicine about eight months. 'I would say to all who read this: Try Dr. Pierce's Golden Medical Discovery before wasting time and money.'

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

OSHKOSH SHORT-SIGHTED.

The Oshkosh city council has taken a step backward in refusing to allow the board of education to continue the domestic art and manual training departments in the high school.

Their reason being that it is an injudicious use of money to maintain such classes.

It seems rather strange that any progressive body of practical men would vote to disestablish a department that so many cities are endeavoring to establish and enlarge.

Every convention of educators the past winter has passed resolutions favoring such classes, and business men of sagacity are in favor of them the world over.

Andrew Carnegie has established schools in Pittsburgh with an endowment of \$25,000,000; giving an income of over one million dollars for just such classes as those discontinued at Oshkosh; and Dean Johnson of the engineering department of our state university has been asked to plan the schools.

The commercial and industrial supremacy of our country can be maintained and increased by educating the coming generations along the line of work carried on in these schools.

Not a visitor to our own departments in manual training and domestic science would wish them discontinued.

We fail to see the wisdom or justice of the action of the aldermen of Oshkosh, and predict that they will sooner or later see the folly of their action.

CUBAN ANNEXATION.

The recent action of the Cuban convention is significant, and indicates that back of it is a determination to force congress, at its next session to offer annexation.

A majority report favors the Platt amendment, modified to such an extent, as to kill it, while the minority report, rejects it entirely.

There is every reason to believe that the Spanish interests in the island favor annexation, realizing the fact that self government is impractical, and unsafe.

The capital invested in business enterprises is very largely Spanish and American capital. It is in the hands of a limited number of people, as compared to the masses, and would be subject to unjust taxation and all sorts of abuse if the reins of government were placed in the hands of the natives, without proper education.

This fact, congress fully appreciated, and the Platt amendment attempts to protect all interests, with a limited amount of interference inasmuch as it is not satisfactory to the convention, an effort will be made by the conservative element to defeat it.

There is no good reason why Cuba should not be annexed to the United States. The island can be more intelligently served.

The people are wards of this government redeemed from bondage worse than slavery. In their helpless, and enfeebled condition, they are entitled not only to protection, but to direction and guidance as well. This can be accomplished by assimilation better than in any other way.

The kindest thing that ever happens to a wayward child is discipline, and Cuba in many respects resembles the child. This country has a right to turn her adrift because of the sacred obligation that her independence has entailed.

Mark Twain's criticism of the missionaries in China has stirred up a perfect bedlam of editorials pro and con. There seems to be considerable truth on both sides of the question and the missionaries together with the ministers are receiving a lot of advertising which will no doubt do them good.

Janesville ministers find their time and minds so taken up with preaching the gospel that there is little inclination to discourse on political and sociological questions.

Lord Salisbury has uttered a duty to the world to attack England. Such threats seem to proceed from a fear that some one is going to take up the gage.

In Paris the pawn shop is referred to as "my aunt," while in London it is called "my uncle." But Count Boni and Duke of Marlborough say "My wife."

It is now admitted that the creation of Kongo Free State was a mistake, and plans are forming to annex it to Belgium.

The early church endeavored to save their young men from the li-

ons; now they try to save them from going to the dogs.

CONVENTION OF THE WISCONSIN W. C. T. U.

(Continued From Page 1.)

one doubts that the liquor curse is the ruling sin of this day and generation.

It prepares the way and leads to all the graver sins that curse the nation. As the sin of African slavery had to be met so this crime of today must be met and settled. Then as now there were cowards in the field;

On the Canteen Law.

The canteen law and the effort to debar scientific temperance instruction from the public schools was referred to in the speakers saying that for the W. C. T. U. the year opened under the cloud of sorrow caused by the persistent efforts of the government to give the country a race of drunkards in the national army.

Noble men championed the cause in congress, the Christian church unitedly protested and God gave the victory. A year ago the hydra headed demon began to show his head in the National Association of teachers, but in a long fight science joined hands with religion and the truth stood firmer than ever.

Work Among Children.

Mrs. Upham commended the work of the Loyal Temperance Legion, firmly believing that the best work to be done is that among the children. The system followed in Ohio is a wise one and the children have become active members of the L. T. L. The use of the school room was granted for the work half an hour after school once a week. A competent teacher was hired to do the work, the parents readily contributing to the salary. The scholars are full of interest and enjoy the short, bright session.

The change in the method if work, making every county a vital factor by itself, has been most successful. The value of temperance literature was also emphasized, the speaker believing that if Neal Dow had sowed Maine knee-deep with temperance literature, Wisconsin surely ought to have it up to her neck.

Speaking of Mrs. Nation.

In speaking of Mrs. Nation, the speaker said: "The hatchet of Mrs. Nation has made the chips of outraged law fly far beyond her own state and the scintillating rays of that little weapon cast their gleam even over the Badger in its long, wintry, lethargic stupor until his head turned a little and opening one sleepy eye he groaned, better close the slot machines and other haunts of hell, and stop selling to minors, and keep our own laws."

Then some of the braver spirited ones sallied forth with petitions and speakers and something was done in several of the wide awake little cities of our own state and they voted for no license. The larger cities have proved themselves unequal to the progress demanded by the twentieth century. The brave spirits there are too clouded by the mass of evil existing or are too timid to answer to their duty.

Hence the better statesmen of the near future will be found emerging from the smaller towns where men seem braver and stronger to serve a right their day and generation than where they must face so much of public corruption.

The W. C. T. U. Work.

Mrs. Upham gave the most cordial commendation to the different departments of W. C. T. U. work, asserting that all were good with the right women in the right places, their work only limited by the lack of worth a gold mine and possibly in those scales where righteousness outweighs all else their noble efforts will receive a greater reward than were there no difficulties in the way of their consecrated feet.

Lessons From a Tunnel.

In closing Mrs. Upham drew a lesson from the tunnel under the Alps which cost eight years of labor, thousands of dollars and many lives, likening it to the work of the W. C. T. U. digging their tunnel of difficulty under the mountain of prejudice, sin and suffering, but with the assurance of a final victory and the securing of a safer pathway to happier homes and a regenerated nation. Never before has any reform grown so rapidly in church and state, in social life and the business world where the principles of total abstinence are becoming the bed rock of a better foundation. Over eighty of the best railroad systems demand total abstinence of their employes in order to better protect the human lives committed to their care.

Growth of the W. C. T. U.

One thousand fifty new members and forty new unions have been added to the Wisconsin union making a total membership not far from 4,000, and the efficient secretary of the lecture bureau has been complimented by all who have journeyed under her well laid plans.

Mrs. Upham closed with a beautifully worded message of love for her fellow workers, of gratitude for their sympathy and aid in the past three years of pleasant relationship and encouragement, urging to move forward with renewed fidelity and loyalty, realizing that the W. C. T. U. holds the lever that lifts into its sacred plane of power, the concentrated public opinion.

Report of the Secretary.

Mrs. G. I. Folette, of Spencer, the

state secretary of the lecture bureau, gave a very bright and interesting report of the work which is done under her direction. During the past year excellent work has been done by four field workers, Mrs. Mabel L. Congling, of Brooklyn, national lecturer; Mrs. Florence D. Richards, Ohio, international lecturer; Mrs. Della C. H. Cox, national lecturer and state organizer and Miss Lois Russell, who has been engaged as a permanent organizer.

The latter two are now in the field. 446 lectures and addresses have been given in the state. 1,037 new members have been reported and this does not cover the entire growth of the movement as many of the unions have not reported their new members. For instance, only one-third of the unions visited by Mrs. Richards made any report. Mrs. Cox has been in the field eight months and has gained 828 new members and organized twenty-seven new unions.

During the past eighteen months over 1,800 members have been added to the union, a record of which to be proud.

A Parliamentary Drill

Mrs. Vie H. Campbell of Evansville, superintendent of the parliamentary law, conducted a drill demonstrating the importance of a thorough knowledge of parliamentary law.

The women in the convention participated in the drill making motions and going into all sorts of complications out of which Mrs. Campbell steered them, gracefully. She is a charming presiding officer and the drill was one of the best features of the afternoon, being enjoyable as well as profitable.

After the necessary announcements and music the convention adjourned until 7:30 o'clock this evening when the regular convention program will be followed by the reception to be given in honor of the visitors by the Janesville Art League. The reception will be given in the Congregational Sunday school rooms and all friends of the W. C. T. U. are invited to attend.

The league will be assisted in receiving the delegates by all the state and national officers present, the presidents of the county and city union, Mrs. Mary A. Hunt, Boston and all other prominent members.

A program has been arranged and music will be furnished by Bauman's orchestra. Frappe will be served also during the evening. The art league president, Mrs. A. E. Tanager and Mrs. Charles Tarrant, vice president, will look after the program with the assistance of all members.

TUESDAY EVENING, MAY 21.

Good Health The Keynote Of Success.

MANY a capable business man has failed because of poor health. Many women and men toil on day after day and week after week, feeling more dead than alive, not sick enough to go to bed, but to sick to work. Life to them is a burden. They have tried nearly everything without receiving any benefit, till at last they have lost all hope of ever being cured. Prof. Ripken extends a hand to help those that are earnestly seeking good health. He has had wonderful success during his practice in treating the following diseases, some of many years standing:

Asthma, abscesses, atrophy, brain fever, bright's disease, backache, breast gathered, biliousness, constipation, baldness, cholera morbus, colic, catarrh, catarrhal deafness and roaring in head, consumption, coughs, colds, cerebro spinal meningitis, cramp in bowels and stomach, chronic diarrhea, chronic gout, congestive chills, crick in neck, cramp in legs, general debility, granulated eyes, goitre, heart disease, headache, hic cough, hay fever, hoarseness, hip disease, indigestion, kidney disease, bladder trouble, lame back, leucorrhoea, suppressed menstruation, membranous croup, milk leg, nursing sore mouth, neuralgia, pimples, putrid sore mouth, paralysis, polypos of the nose, pneumonia, piles, obesity, change of life, difficult breathing, diphtheria, dropsy, dripping eyes, dizziness, diseases of ear, varicose veins, vomiting, vertigo, nervous prostration, night emissions, loss of memory, eczema, scrofula, fever and ague, fits and convulsions, fevers, fistula, fainting, spinal diseases, rheumatism acute and chronic, torpid liver, spleen enlarged, tonsils enlarged, whooping cough and St. Vitus dance.

Prof. Ripken's method of Magnetic Healing is infallible in curing all diseases that are curable. Experience is the best teacher. Anyone suffering from any of the above named diseases, who would like to get well, should come to Prof. Ripken.

Consultation Free. Terms Reasonable.

Read This Testimonial.
Constipation and Female Trouble Cured.

For the past seven years I have been a great and constant sufferer from constipation, leucorrhoea and womb trouble. Having tried drugs and doctor's prescriptions to no effect, and gradually growing worse. I was advised by a friend to try Prof. Ripken's Magnetic Healing. I began to improve after the first treatment and steadily continued to do so until now I am entirely cured. Prof. Ripken's system of healing without drugs is a great boon and blessing to suffering humanity. I hope that some of the people who are afflicted and suffer daily torments, almost worse than death itself, may be influenced by my statement to take your treatment and thereby find new life and health.

MRS. MARGARET BURTON, Janesville, Wis.

Prof. Ripken, Magnetic Healer, office over Smith's Fruit Store on Milwaukee Street Bridge. Office Hours: 9 to 12 a. m., 2 to 5 p. m., 7 to 9 p. m.

PROSPECTIVE PIANO PURCHASERS.

are cordially invited to our salesrooms to test the merits of our instruments from the standpoint of eye and ear. Our pianos are not merely pieces of furniture, though they add greatly to the beauty of the room; they are real producers of music, and their generally accorded high reputation is richly deserved on account of their tonal qualities.

OPTION MYSTERY ON SOUTH RIVER ST.

SOME DEEP LAID PLAN APPAR- ENT TO GET POSSESSION.

Big Gang of Men Brought Here by the Northwestern Road and Then Suddenly Shipped Away Again—Indications Point to a Purpose of Some Kind in the Near Future.

What made the Chicago & Northwestern railroad company bundle the gang of men that were brought here on Saturday night on the quiet into their cars and ship them back where they came from?

Word was given out that they were going to Chester to work on the road, but a prominent official sent word to the depot late Saturday night to have the men put into cars and sent out of town at once as he could not use them.

Some time ago a rumor was started that the Northwestern had all of the days in town hired for Saturday night and it was shown that such an agreement had been entered into by the railroad company, but then as on last Saturday night nothing was done. It looks as if the railroad company were anxious to get a piece of track laid across some street on which they have an option. Saturday night is a good time for all such work as they cannot be stopped on Sunday.

Superintendent T. A. Lawson and Land Agent Cleveland arrived in the city yesterday and spent considerable time looking over the property on South River street on which options have been secured. Most of the options expire in a few days and some move will soon have to be made by the parties holding them if they secure the property at option price.

The Northwestern disclaim any knowledge of the South River street deals, but it is thought by those who are in a position to know that the Northwestern is back of the deal. The property under consideration has been carefully looked over several times by high officials of the road. If they are not back of the deal they are taking great interest in it.

It may have been with the idea of putting a track across Pleasant street from South River onto the property on which they have an option on that the men were brought up here Saturday night.

The Janesville Machine company had the street blocked with a building that they were moving so that it would have been impossible for a train to be run where the officials would want it if an attempt at track laying was made.

The people of Janesville will wake up some fine morning and find a long piece of track laid and a train standing on it. The like has happened on North River street a time or two.

DEATH AFTER A PAINFUL ILLNESS

**Mrs. J. L. Bloss Passed Away Peace-
fully This Morning at Her
Racine Street Home.**

It is with deep sorrow we have to record the death of Mrs. J. L. Bloss who passed peacefully away this morning at 3:15 o'clock at her home No. 302 Ravine street, after a painful and prolonged illness.

Mrs. Bloss was born February 5, 1854 and was a native of Manchester, Vermont. Besides a devoted husband she leaves two daughters, Miss Myrtle Whitney and Miss Coda Bloss who have the sincerest sympathy of all in their hour of deep bereavement for the loss of a loving wife and mother. Mrs. Bloss leaves an aged father in Mt. Sterling, Wis. Her mother died last November. She also leaves one brother and sister, Mrs. Frank Churchill in Clark's, Neb.

Notice of the funeral will be given later.

A NEW DEAL.

Miss Maud Knippenberg of 106 Hickory street entertained the members of the Y. P. S. of Trinity church last evening in a charming manner. Amusements of various kinds were indulged in and elegant refreshments were served.

No such values. No such styles. For spring and summer dresses and waists we are showing the most complete line of cotton wash fabrics ever handled by us. Prices surprisingly low. Bort, Bailey & Co.

In the circuit court yesterday Judge Dunwiddie granted a divorce to Treasure Fleek from Charles Fleek on the grounds of desertion. The defendant put in an answer to the complaint. The plaintiff resides in Milton.

Just opened 100 pieces of those fine 36 inch percales at 12 1/2 cents. Our wash goods department is filled to overflowing. Bort, Bailey & Co. New styles in waist fabrics. Four hundred pieces to make a selection from. Bort, Bailey & Co.

SHAWVAN VS. SHAWVAN.

In the supreme court in the case of Shawvan vs. Shawvan rendered a decision today. The action was brought to set aside a deed on Milwaukee property. The amount involved was \$4,000. It was tried before Judge Johnson of the Milwaukee circuit court in April, 1899, one of the last cases that jurist tried before his death. He found for the plaintiff and the supreme court affirmed Judge Johnson's decision today. The deed was obtained to property, it was alleged, by unfair means, and S. Shawvan brought action to set it aside. The circuit court decided in his favor and defendants took the case to the supreme court.

LARGEST IN THE WORLD.

Blanke's famous coffees are being demonstrated at Grubb's this week. All dining cars and large hotels use this coffee. Come in and enjoy a cup of its unequalled fragrance.

DANGER TO THE LIFE OF E. D. NEWHALL

Found Unconscious in a Eau Claire Hotel with the Gas Turned On—Is Sent to the Hospital.

A telegram was received by Chas. E. Pierce this morning from Theodore W. Goldin at Eau Claire, asking him to notify the relatives of E. D. Newhall that he turned on the gas in his room last night and was about gone when discovered this morning. He had him conveyed to the hospital where everything was being done to save his life.

No further particulars as to how he came to turn on the gas have been received. Mr. Goldin was stopping at the same hotel with Mr. Newhall and was notified of his condition by the hotel people. He had him transferred to the hospital and notified his relatives.

Martin H. Morse and Mrs. Emma S. Morse left this morning for his bedside. Mr. Newhall is well known in this city, having lived here and at Johnston for a great many years. He has many relatives residing in this city, among them being Martin H. Morse, Mrs. Emma Morse, Harry E. Morse and Mrs. Emil A. Engebretsen.

He left here about two weeks ago for Menominee, Wis., and other points in the northern part of the state. He has made annual trips to this part of the country for many years and spends a large share of the time fishing and visiting with friends, of whom he had a large number scattered throughout the country.

His many friends in this city will hope to hear of his speedy recovery from the effects of the gas.

GOLF TOURNAMENT HAS BEEN ASSURED

Milwaukee Club Agrees to Give Janesville the First Competition—J. P. Baker's Trip to Cream City.

Secretary J. P. Baker of the Sinissippi Golf club returned home last evening from a two days' visit to Milwaukee. While in that city Mr. Baker interviewed a number of the prominent members of the Milwaukee Country club in regard to the formation of a state league and the holding of the first annual tournament in this city.

Mr. Baker was assured that the club was in full accord with Janesville and were perfectly willing that they should have the honor of holding the first tournament. It was supposed by many of the members of the club that a formal notification had already been sent to Secretary Baker and he was told that one would be sent this week.

This practically settles the question as to where the first annual tournament will be held. Nearly all of the prominent clubs of the state have notified Secretary Baker that they favored Janesville so the tournament will be held here July 18, 19, and 20.

The Evening Wisconsin of Monday contains the following in regard to the tournament:

"J. P. Baker, secretary of the Sinissippi Golf club, Janesville, Wis., was a visitor at the Country club yesterday. Mr. Baker is the originator of the new state league that is being formed and the first annual tournament will be held on the links of this club July 18, 19 and 20. The Janesville club will furnish all of the prizes necessary for the initial tournament. The events to consist of a state championship cup event and consolation event. A trophy will be given to the player making the best gross score in the championship qualifying round and there will be driving, putting and approaching contests.

"At this meeting a regular state league will be formed and the officers elected. The tournament hereafter will be an annual affair. The links that the championship will be played upon will be selected by the officers of the league.

"A number of the golfers from the Country club will no doubt enter the contests. Mr. Baker says many improvements are being made in the links of his club, which is a nine hole course and as good as any in the state. The Milwaukee players who played in a team match at Janesville several years ago will never forget the royal they were entertained by the members of the Sinissippi club."

As soon as the formal notification is received from Milwaukee the directors of the Sinissippi club will go ahead and make arrangements for the holding of the tournament.

Make your plans to attend the curtain sale tomorrow at

J. M. BOSTWICK & SONS.

Odd Fellows Visit Milton

About thirty Odd Fellows, members of Wisconsin lodge No. 14, made a visiting trip to Du Lac lodge No. 322 at Milton last night. During the evening the second and third degrees were conferred upon a number of men after which an elegant supper was served. The Janesville members went over in carriages and report a splendid time.

H. W. Cobb of New York, a large wholesale leaf tobacco dealer, was in the city yesterday.

NEWS OF A PERSONAL NATURE

I. Rosinblatt of Beloit, was in the city yesterday.

J. A. Young of Brodhead, had business in the city today.

J. G. Monahan of Darlington, was a visitor to this city today.

T. E. Stryer of Beloit, called on friends in the city today.

W. G. Wheeler went to Madison today on official business.

E. M. Hubbell of Edgerton, was in the city yesterday.

J. B. Dow of Beloit, was in the city today on legal business.

J. C. Peterson of Edgerton had business in this city yesterday.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested and partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbance of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by Peoples Drug Store and King's Pharmacy.

Dr. Dowie has the best trained audience in Chicago. He has but to give the cue, and the audience will do the rest, even to throwing out any who object.

OFFICIAL NOTICE.

Notice of final determination as to benefits and damages on South Second, South Third, North Bluff, Franklin, Pleasant, Academy and Marion Streets.

Office of the City Clerk, Janesville, Wis., May 17th, 1901.

To whom it may concern:
Notice is hereby given that the common council of the city of Janesville, at a meeting held on the 14th day of May, 1901, adopted the final report of the street assessment committee on improving South Second street from the westerly side of Wisconsin street to the westerly side of East street; South Third street from the easterly side of South Main street to the westerly side of Jackson street; North Bluff street from the northerly side of East Milwaukee street to the southerly side of North First street; Franklin street from the southerly side of Dodge street to the northerly side of Pleasant street; Pleasant street from the easterly side of High street to the westerly end of Mitchell's Fourth Addition; Academy street from the southerly side of West Milwaukee street to the northerly side of Pleasant street; and Marion street from the southerly side of West Milwaukee street to the northerly side of Pleasant street, by grading, macadamizing and laying of gutters and curbing, and otherwise improved at the expense of the property to be benefited thereby, and made a final determination as to the amount to be assessed to each parcel of real estate for benefits or damages accruing thereto by said proposed improvements; and that statements showing the amount so assessed are now on file in my office.

A. E. BADGER, City Clerk.

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and every body knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

Controls Pain, Bleeding and Inflammation

Its An Imposition On Good Nature

to try to induce a man to wear such a wretchedly done up shirt, collar, or cuff as we see on the streets daily. If a servant launders them she ought to be discharged. If it's your wife try and forgive her but if it's a second class laundry it is an abomination. When you want your linen laundered to the top notch of perfection bring it here. We will show you what fine laundry work means.

QUEEN QUALITY

THE FAMOUS SHOE FOR WOMEN
A Royal Array of Spring Footwear.

This "Queen Quality" proposition is unique in a way. True, there may be many shoes that are comfortable, stylish, good—no one has a monopoly of the facilities that create "best." Then, although not a common practice, there are several other brands which are sold at a uniform price. And, again, \$3.00 a pair is not a remarkably low price for women's shoes.

But that you may buy faultlessly made shoes, cut from the choicest leathers, in the most approved designs, and at \$3.00 a pair, Oxford \$2.50, comes only by virtue of the "Queen Quality" proposition.

You may choose from many different styles. Your shoes, if chosen from "Queen Quality," may be feather weight and dainty or more substantial, with welled soles, and made on the fashionable mannish models.

They have high, medium or low heels. They may be of any leather that pleases your fancy.—Kibo Patent Kid, French Patent Leather, Kibo Calf, Kibo Kid, or Kibo Enamel Calf.

The tops may be uniform with the vamp, or made of fine cloth or soft mat kid leather.

Then you may have any style toe, tipped or plain; any width from AA to EE; any size from 2 1/2 to 8; and, best of all, any shape that best conforms to the form of your foot and your idea of beauty.

Does any other shoe offer more?

Does any other offer nearly so much for quite so little?

Boots, \$3.00 ALL STYLES Oxfords, \$2.50
